“Step by Step” to Lay Out a Three-Circuit Classical Labyrinth

When practicing on paper, place the first two steps in the center of your page, leaving room for the extra circuits that are to come. (At step 4 if you move to the right, you will have a left turning labyrinth, if you move to the left, a right turning labyrinth.)

Completed Labyrinth

Three-Circuit Labyrinth From Two Pieces of Rope

Color the outer line of the labyrinth one color and the other line a second color. Then choose two pieces of colored rope to create your labyrinth, making sure that your outer rope is the longer piece.

Walkable: Outside, long rope: 27 feet (823 cm)- Color: Inside, short rope: 24 feet (732 cm)- Color:
These ropes make an approximate 3-circuit labyrinth that is 7-feet (213 cm) in diameter and can be modified to fit any shape or made smaller.

Tabletop: Outside, long rope: 61 inches (155 cm)- Color: Inside, short rope: 51 inches (130 cm)- Color:
These ropes make an approximate 3-circuit labyrinth that is 18 inches (46 cm) in diameter.
