History

The Labyrinth Society was born on November 6, 1998, by agreement of 43 Founding Circle members in St. Louis. We celebrated with a birthday cake the following night: 11/7 was an auspicious date for labyrinth festivities. Since then, we have held annual gatherings, created a global hub of information through our website, sponsored a symposium in Europe, launched World Labyrinth Day, created a DVD (now subtitled in Spanish) and supported many other projects. Our social media community includes a Facebook group with thousands of vibrant members.

The Annual Gathering

Each year, in a different geographic region, we host a public conference with expert speakers, workshops, presentations, networking and the opportunity to walk over a dozen labyrinths of varying designs and materials. All the photos featured in this brochure were taken at gathering locations in North America.

Regional Reps

Would you like to connect locally with TLS members and labyrinth enthusiasts? If so, a Regional Rep can help you find nearby groups, events and projects. A list of Regional Reps is provided on our website.

We've come a long way since The Labyrinth Society was founded in the late 1990s. What was once unimaginable is now mainstream. There are numerous permanent installations on university, hospital and church grounds, many with integrated labyrinth programs to promote experiential learning, spiritual growth, mindfulness and holistic healing.

Individuals and communities are being transformed by the creation and use of labyrinths. TLS is proud to be an integral part of this worldwide movement of peace and reconciliation.
